

## **SECTION 4**

### **MEDICARE CROSSOVER CLAIMS**

Medicare/Medicaid (crossover) claims that do not cross automatically from Medicare to Medicaid must now be filed through the Medicaid billing Web site at [www.emomed.com](http://www.emomed.com) or through the 837 electronic claim transaction. This requirement became effective July 1, 2005. Before filing an electronic crossover claim, please wait sixty (60) days from the date of your Medicare payment to avoid possible duplicate payments from Medicaid.

There are two primary reasons claims do not cross over electronically from Medicare to Medicaid. One is because Medicaid enrolled providers have not provided Medicaid with their Medicare provider number or have provided an invalid or inactive Medicare provider number. If the provider has any doubt as to what Medicare number(s) is (are) on file, contact the Provider Enrollment Unit by E-mail at [providerenrollment@dss.mo.gov](mailto:providerenrollment@dss.mo.gov). If you have not submitted your Medicare provider number to Medicaid, you can fax a copy of the Medicare letter showing the Medicare provider name and the assigned Medicare provider number along with a cover letter explaining why the information is being submitted to the enrollment unit. Provider Enrollment's fax number is (573) 526-2054. Please be certain to include your Medicaid provider name and number with any correspondence sent to Provider Enrollment.

Another reason claims do not cross over electronically is due to invalid patient information. Claims will not cross over electronically if the patient is not going by the same name with Medicare as they do with Medicaid. Additionally, the patient's Medicare Health Insurance Claim (HIC) number in the Medicaid eligibility file must agree with the HIC number used by the provider to submit the claim to Medicare. It is the responsibility of the patient to keep this information updated with their Family Support Division caseworker.

Following are tips to assist you in successfully filing a Medicare CMS-1500 Part B Crossover on the Medicaid billing Web site:

- Enter the information in the fields on the screen exactly as you did on your Medicare billing with the exception of the patient's name. The patient's name must be entered as it currently appears in the Medicaid eligibility file, not necessarily the name as shown on the Medicare remittance advice.
- There are HELP screens at the bottom of each screen page to provide instructions for completing the crossover claim screens, the "Other Payer" header and the "Other Payer" detail screens. Print each HELP screen in its entirety for reference when completing claims on the Internet.
- There must be an "Other Payer" header screen completed for every crossover claim. This provides information pertaining to the whole claim. There will be no group code, reason code and adjustment amount information entered on this screen for Part B claims.

- Completion of an “Other Payer” detail screen form is required for each claim detail line. The five (5) codes that can be entered in the “Group Code” field on the “Other Payer” detail screen forms are in a drop down box, you need to choose the appropriate code. For example, the “PR” (patient responsibility) code is assigned for Medicare coinsurance and/or deductible amounts on your Medicare remittance advice.
- The codes to enter in the “Reason Code” field on the “Other Payer” detail screen forms are also found on your Medicare remittance advice. If not listed, you must choose the most appropriate code from the list of “Claim Adjustment Reason Codes” which can be found by accessing the HIPAA related Code List link on the DMS Provider Participation Web page, <http://www.dss.missouri.gov/dms/providers.htm>.
- The “Adjust Amount” should reflect any amount not paid by Medicare including deductible, coinsurance and any non-allowed amounts.
- If there is commercial insurance payment or denial to report on the crossover claim, you must complete an additional “Other Payer” header form. You must also complete an additional “Other Payer” detail form(s) if the commercial carrier provided detail line information for line item payments and denials.

**TIMELY FILING**

Claims initially filed with Medicare within Medicare timely filing requirements and that require separate filing of a crossover claim to Medicaid must meet the Medicaid timely filing guidelines for Medicare/Medicaid claims. The crossover claim must be submitted by the provider and received by the Medicaid agency within 12 months from the date of service or six months from the date on the provider’s Medicare Explanation of Medicare Benefits (EOMB), whichever date is *later*. The counting of the six-month period begins with the date of adjudication of the Medicare payment and ends with the date of receipt.

**ADJUSTMENTS**

If Medicare adjusts a claim and Medicaid has paid the original crossover claim, then the original claim payment from Medicaid must be adjusted through the Medicaid billing Web site. The “Claim Frequency Type Code” must be either a replacement (7) or a void (8). When submitting a replacement or void, the ICN (internal control number) being replaced or voided must be stated in the “Resubmission Ref. No.” field. For a void claim, the only fields required for submission are the Patient Name, Patient Medicaid ID and the Resubmission Reference Number.

A sample of the Medicare CMS 1500 Part B Crossover is displayed on the following pages.

Add Reason Codes

Remove Payer #1

Add Payer

Done Cancel

[\[Help\]](#)

- You are now on the “Other Payer Detail” screen.
- Enter the Medicare paid date information as well as the Group and Reason Codes and Adjust Amounts. The information in the above sample references the detail information from the Medicare EOMB example from page 4.3. If the reason codes are not listed on your Medicare EOMB, choose the most appropriate code from the list of “Claim Adjustment Reason Codes” from the HIPAA Related Code List. For example, the Reason Code for deductible is 1 and for coinsurance is 2. Therefore, you would enter Reason Code 002 for coinsurance amounts due as shown in the above example.
- The “Adjust Amount” fields should reflect any amounts not paid by Medicare including deductible, coinsurance and non-allowed amounts.
- Click on “Done”.
